TEACHERS' SEMINARS

Teachers' Seminars

1959, Pharmacognosy, University of Illinois, Chicago
George L. Webster, Chairman

1960, Pharmaceutical Education, University of Colorado, Boulder
Curtis H. Waldon, Chairman

1961, Pharmacy, University of Wisconsin, Madison
Louis W. Busse and August P. Lemberger, Co-chairmen

1962, Pharmacy Administration, University of Pittsburgh, Pittsburgh
Joseph D. McEvilla, Chairman

1963, Pharmaceutical Education, University of North Carolina, Chapel Hill
E. A. Brecht and M. A. Chambers, Co-chairmen

Sponsored by

The American Association of Colleges of Pharmacy

Supported by

The American Foundation for Pharmaceutical Education

Foreword

Proceedings of the twelfth seminar (Pharmaceutical Education, 1960) were reprinted from the *American Journal of Pharmaceutical Education*, Volume 24, Number 4, 1960. Pagination used in this cumulative index for the 1960 seminar entries is the same as in the reprint. Lower case Roman numerals were assigned to the first eight pages of the reprint as these were not numbered.

Citations for the proceedings of the five seminars are as follows:

- 59—Pharmacognosy: *Proceedings of the Teachers' Seminar on Pharmacognosy* (1959), Frank A. Crane, editor.
- 60—Pharmaceutical Education: *Proceedings of the American Association of Colleges of Pharmacy Teachers' Seminar, Volume 12, Pharmaceutical Education* (1960). (Reprinted from the *American Journal of Pharmaceutical Education*, Vol. 24, No. 4, 1960).
- 61—Pharmacy: *Proceedings of the American Association of Colleges of Pharmacy Teachers' Seminar, Volume 13, Pharmacy* (1961), A. P. Lemberger, editor.
- 62—Pharmacy Administration: *Proceedings of the American Association of Colleges of Pharmacy Teachers' Seminar, Volume 14, Pharmacy Administration* (1962), J. D. McEvilla, editor.
- 63—Pharmaceutical Education: *Proceedings of the American Association of Colleges of Pharmacy Teachers' Seminar, Volume 15, Pharmaceutical Education* (1963), E. A. Brecht and M. A. Chambers, editors.

An editor is not specified for 60.

THE UNIVERSITY OF CHICAGO
DEPARTMENT OF THE HISTORY OF ARTS
OFFICE OF THE CURATOR
1100 EAST 58TH STREET
CHICAGO, ILLINOIS 60637

TO THE HONORABLE CHAIRMAN OF THE BOARD OF TRUSTEES
OF THE UNIVERSITY OF CHICAGO
FROM THE CURATOR OF THE MUSEUM OF ART AND ARCHITECTURE
SUBJECT: REPORT ON THE PROGRESS OF THE MUSEUM DURING THE YEAR 1967

The Museum of Art and Architecture has had a very successful year. We have received many new acquisitions, including a number of important works of art and architecture. We have also held several exhibitions, including a major exhibition of modern art. The Museum has been very active in its educational programs, and we have held many lectures and seminars. We have also been very active in our public relations efforts, and we have been able to attract a large number of visitors to the Museum.

We have also been very active in our fundraising efforts, and we have been able to raise a large amount of money for the Museum. We have also been very active in our efforts to improve the facilities of the Museum, and we have been able to complete a number of important projects. We have also been very active in our efforts to improve the quality of our collections, and we have been able to acquire a number of important works of art and architecture.

We have also been very active in our efforts to improve the quality of our exhibitions, and we have been able to hold a number of important exhibitions. We have also been very active in our efforts to improve the quality of our educational programs, and we have been able to hold a number of important lectures and seminars. We have also been very active in our efforts to improve the quality of our public relations efforts, and we have been able to attract a large number of visitors to the Museum.

Formation tendency, and stoichiometry, hydrogen bonded complexes in non-polar solutions—, influence of structure and solvent on, Takeru Higuchi, 61, 107
Funds, obtaining, for research in, pharmacognosy, Edward P. Offutt, 59, 278
Garden, small, and greenhouse, management, recent developments in, G. M. Fosler, 59, 222
Gastrointestinal tract, absorption from the, Lewis S. Schanker, 61, 134
Graduate education, *see* Education, graduate
Graduate programs: available, Robert W. Hammel, 62, 146
business college programs, Anthony T. Buatti, 62, 142
in pharmacy administration, in colleges of pharmacy, Paul C. Olsen, 62, 152
Graduate students, motivation, guidance, and preparation of, Joseph D. McEvilla, 62, 137
Greenhouse, and small garden, management, recent developments in, G. M. Fosler, 59, 222
Greetings, from the American Association of Colleges of Pharmacy, 1960 pharmaceutical education seminar, Charles W. Bliven, 60, 395
1961 pharmacy seminar, Lloyd M. Parks, 61, 6
1962 pharmacy administration seminar, Perry A. Foote, 62, 1
1963 pharmaceutical education seminar, Roy A. Bowers, 63, 4
from the American Foundation for Pharmaceutical Education, 1959 pharmacognosy seminar, W. Paul Briggs,

Cumulative Index, Teachers' Seminars, 1959-1963

- 59, xvi
 1960 pharmaceutical education seminar, W. Paul Briggs, 60, 397
 1961 pharmacy seminar, W. Paul Briggs, 61, 4
 1962 pharmacy administration seminar, W. Paul Briggs, 62, 4
 1963 pharmaceutical education seminar, W. Paul Briggs, 63, 1
 (School of Pharmacy, University of Pittsburgh), Joseph A. Bianculli, 62, 3
 School of Pharmacy, (University of Wisconsin), A. H. Uhl, 61, 3
 University of Wisconsin, Conrad A. Elvehjem, 61, 1
 Group photograph, 1959 pharmacognosy seminar, 59, v
- Half-life, biologic, and tissue concentrations, Joseph V. Swintosky, 61, 140
 Health care, new perspectives in, Henry T. Clark, Jr., 63, 9
 Histology, and anatomy, of drug plants, recent advances in, the study of, Heber W. Youngken, Sr., 59, 205
 Hydrate and solvate formation, the influence of, on rates of solution and solubility of crystalline drugs, Takeru Higuchi, 61, 119
 Hydrogen bonded complexes, in non-polar solutions—, influence of structure and solvent, on formation tendency and stoichiometry, Takeru Higuchi, 61, 107
- Institutes, seminars, and conferences, Richard S. Strommen, 62, 121
 Instruction, case method of, R. George Kedersha, 62, 93
 pharmacy, past and future, V. N. Bhatia, 61, 13
 Instrumentation, applications of, to pharmacognosy, Egil Ramstad and Adelbert Knevel, 59, 297
 Isotonicity, Frank M. Goyan, 61, 92
 Isotopes, radioactive, in pharmacognosy, the use of, Ara G. Paul, 59, 290
- Jurisprudence, pharmaceutical, at the University of Pittsburgh, William Pettit, 62, 68
see also Law
- Kinetics, general, and drug stability, David E. Guttman, 61, 63
- Laboratories, the utilization of, in teaching pharmacy administration courses, Harry S. Swartz, Jr., 62, 83
 Laboratory, presentation of, the essential topics, in pharmacognosy, Stephen K. Sim, 59, 81
 (Law), jurisprudence, pharmaceutical, at the University of Pittsburgh, William Pettit, 62, 68
 Law, course syllabi, for pharmacy administration, R. W. Hammel, 62, 64
 pharmacy, Joseph H. Kern, 62, 70
see also Jurisprudence
 Librarian, function of the library and, Ralph E. Ellsworth, 60, 459
 Library, and librarian, function of the, Ralph E. Ellsworth, 60, 459
 Literature, of pharmacognosy, the, James E. Dusenberry, 59, 152
 Management, R. George Kedersha, 62, 45
 course syllabus for pharmacy administration, Richard J. Hampton, 62, 40
 greenhouse and small garden, recent developments in, G. M. Fosler, 59, 222
 pharmacy, wholesaling as a career?—yes, with training in, Charles D. Doerr, 62, 184
- Marketing, course syllabus in pharmacy administration (drug), Max Polinsky, 62, 54
 of drug products, Dale W. Doerr, 62, 49
 pharmaceutical, trends in, H. W. McNey, 62, 206
 pharmacy administration courses, a syllabus for, Robert E. Abrams, 62, 61
 Medical care, economics of, Leonard W. Martin, 62, 216
 Medication, sustained action, the principles governing the preparation of, Stuart Eriksen, 61, 157
 Microchemistry, plant, recent advances in, Gunnar Gjerstad, 59, 211
 Microscopy, of digested foods, a possible contribution to forensic science, Paul D. Carpenter, 59, 270
- Motivation of undergraduates through research. Panel:
 electives, H. B. Kostenbauder, 63, 105
 pharmaceutical chemistry, J. C. Kellett, 63, 101
 pharmacognosy, Leo A. Sciuchetti, 63, 108

Index to Subjects

- Natural products, *see* Products, natural
- Non-nitrogenous drugs, the biosynthesis of, H. W. Youngken, Jr., 59, 130
- Non-polar solutions, hydrogen bonded complexes in, influence of structure and solvent on formation tendency and stoichiometry, Takeru Higuchi, 61, 107
- Objectives, achieving, through curriculum planning, John G. Adams, 63, 39
correlation of, in the specialties of pharmacy, Robert B. Hughes, 63, 117
perspectives and, report of the workshops on, Arthur E. Schwarting, 63, 53
in pharmaceutical education, broadening the. Panel:
 experimentation in curricula, Melvin W. Green, 63, 55
 extending services, Lloyd M. Parks, 63, 65
 research, Daniel H. Murray, 63, 59
of pharmacy administration, contemporary and future, Robert V. Evan-son, 62, 6
report on the workshops on the cor-relation of, Arthur E. Schwarting, 63, 128
of seminars, 1961, pharmacy, A. P. Lemberger, 61, 9
 1962, pharmacy administration, Jo-seph D. McEvilla, 62, 15
 1963, pharmaceutical education, E. A. Brecht, 63, 6
- Ointment bases, diffusion in, W. I. Hi-guchi, 61, 162
- Organic pharmaceutical chemistry, how to keep up to date in, J. H. Burck-halter, 60, 481
- Organization, scope-objectives, of the seminar, A. P. Lemberger, 61, 9
- Participants, teachers' seminars, *see* Reg-istrants, teachers' seminars
- Percutaneous absorption, Kenneth M. Wilson, 61, 174
- Personnel, trained, what is expected of, pharmacy administration, by an ad-vertising agency, Julian Farren, 62, 166
(community pharmacy), Stanford I. Cohen, 62, 200
(industry), A. J. W. LeBien, 62, 156
(industry), Lee Gibson, 62, 160
in a marketing research company, Ray-mond A. Gosselin, 62, 175
(multiple unit retailer), Thomas D. Baima, 62, 190
(wholesaling), W. W. Walker, 62, 180
(wholesaling), Charles D. Doerr, 62, 184
- Perspectives, (new), in health care, Hen-ry T. Clark, Jr., 63, 9
and objectives, report of the workshops on, Arthur E. Schwarting, 63, 53
in pharmaceutical education, Jack E. Orr, 63, 22
in pharmaceutical practice, Raymond A. Gosselin, 63, 16
- Pharmaceutical chemistry, motivation im-provement through undergraduate research, participation in, J. C. Kel-lett, 63, 101
organic, how to keep up to date in, J. H. Burckhalter, 60, 481
- Pharmaceutical education, new perspec-tives in, Jack E. Orr, 63, 22
- Pharmaceutical marketing, *see* Market-ing, pharmaceutical
- Pharmaceutical practice, new perspectives in, Raymond A. Gosselin, 63, 16
- Pharmaceutical systems, introduction to pharmacy and, the first course in pharmacy, D. M. Skauen, 61, 17
- Pharmaceutical technology, *see* Technol-ogy, pharmaceutical
- Pharmacognosy, achieving depth in the specialties—, Robert L. Van Horne, 60, 431
the application of, fermentation tech-nology to, D. Perlman, 59, 232
the background of the undergraduate student, necessary to achieve depth in, Lynn R. Brady, 60, 442
chromatography and electrophoresis in, Tracey G. Call, 59, 247
and the community, N. M. Ferguson, 59, 164
an educational psychologist, looks at teaching in, N. L. Gage, 59, 170
essential topics in, laboratory presenta-tion of the, Stephen K. Sim, 59, 81
how I keep up to date, in my special-ty, Varro E. Tyler, Jr., 60, 466
improving motivation through under-graduate research, Leo A. Sciuchetti, 63, 108
instrumentation, applications of, to, Egil Ramstad and Adelbert Knevel, 59, 297
keeping up to date in, the necessity of, Varro E. Tyler, Jr., 60, 464
the literature of, James E. Dusenber-ry, 59, 152
the new, prerequisites for, Willis R.

Cumulative Index, Teachers' Seminars, 1959-1963

- Brewer, 59, 29
 what it is and where it is going, Melvin R. Gibson, 59, 18
 observations on current teaching in, Melvin W. Green, 59, 6
 quantitative, recent advances in, Marin S. Dunn, 59, 257
 radioactive isotopes, the use of, in, Ara G. Paul, 59, 290
 recent advances in, the biological sciences of interest to, Frank A. Crane, 59, 89
 research in, obtaining funds for, Edward P. Offutt, 59, 278
 undergraduate, essential topics in, Edward P. Claus, 59, 38
 Pharmacology, achieving depth in, introductory remarks, Ewart A. Swinyard, 60, 444
 how I keep up to date in my specialty, Joseph P. Buckley, 60, 472
 Pharmacy, curriculum, general educational values in the, Louis W. Busse, 60, 409
 fourth or terminal course in, John Aultian, 61, 47
 how I keep up to date in, Ben F. Cooper, 60, 476
 instruction, past and future, V. N. Bhatia, 61, 13
 introduction to, and pharmaceutical systems, the first course in pharmacy, D. M. Skauen, 61, 17
 physical, a critical examination of, the sphere of knowledge and the helix of learning, Alfred N. Martin, Jr., 61, 25
 schools of, graduate education in, Melvin W. Green, 60, 492
 Pharmacy administration, *see* Administration, pharmacy
 Pharmacy law, Joseph H. Kern, 62, 70
 Photograph, group, 1959 pharmacognosy seminar, 59, v
 Phylogeny, and chemical constituents, Varro E. Tyler, Jr., 59, 101
 Physical chemical principles, in the pharmaceutical sciences, workshop in the second course in pharmacy, Edward G. Ripple, 61, 183
 Physical pharmacy, *see* Pharmacy, physical
 Plant, microchemistry, recent advances in, Gunnar Gjerstad, 59, 211
 Plants, drug, recent advances in, the study of anatomy and histology, of drug plants, Heber W. Youngken, Sr., 59, 205
 Practice, pharmaceutical, new perspectives in, Raymond A. Gosselin, 63, 16
 Preparation, of sustained action medication, the principles governing the, Stuart Eriksen, 61, 157
 Prerequisites, for the new pharmacognosy, Willis R. Brewer, 59, 29
 Principles, governing the preparation of, sustained action medication, Stuart Eriksen, 61, 157
 Proceedings, contents of, *see* Contents, proceedings
 Products, natural, chemistry, advances in, Lloyd M. Parks, 59, 141
 Production, drug plant, economics of, Ralph F. Voigt, 59, 185
 Professional, and collegiate, program, appraising a, (welcome address), H. E. Longenecker, 59, xiv
 disciplines, the delineation of the, Louis C. Zopf, 60, 414
 the making of a, Louis T. Benezet, 60, 403
 Professor, responsibility of the, in keeping up to date, Martin Barr, 60, 447
 Program(s), appraising a, collegiate and professional, (welcome address), H. E. Longenecker, 59, xiv
 graduate, available, Robert W. Hammel, 62, 146
 (graduate), business college, Anthony T. Buatti, 62, 142
 graduate, in pharmacy administration, in colleges of pharmacy, Paul C. Olsen, 62, 152
 Psychologist, educational, looks at teaching in pharmacognosy, an, N. L. Gage, 59, 170
 Psychology, of teaching, Robert B. Hughes, 63, 70
 Quantitative pharmacognosy, *see* Pharmacognosy, quantitative
 Radioactive isotopes, in pharmacognosy, the use of, Ara G. Paul, 59, 290
 Rates of solution, and solubility of crystalline drugs, the influences of hydrate and solvate formation on, Takeru Higuchi, 61, 119

 1963, pharmaceutical education semi-

- nar, 63, vi
- Research, broadening the objectives, in pharmaceutical education, Daniel H. Murray, 63, 59
- in pharmacognosy, obtaining funds for, Edward P. Offutt, 59, 278
- techniques, Richard J. Hampton, 62, 126
- undergraduate, to improve motivation. Panel:
electives, H. B. Kostenbauder, 63, 105
pharmaceutical chemistry, J. C. Kellett, 63, 101
pharmacognosy, Leo A. Sciuchetti, 63, 108
- Roster(s), teachers' seminars, *see* Registrants, teachers' seminars
- Scope—objectives—organization, of the seminar, A. P. Lemberger, 61, 9
- Sedimentation, caking and, suspensions—, E. N. Hiestand, 61, 125
- Seminar(s), institutes, and conferences, Richard S. Strommen, 62, 121
scope—objectives—organization of the, A. P. Lemberger, 61, 9
suggestions, the implementation of, Louis C. Zopf, 59, 1
teachers', on undergraduate education, effects of the, Joseph B. Sprowls, 60, 509
- Services, extending, broadening the objectives of pharmaceutical education, Lloyd M. Parks, 63, 65
- Solubility of crystalline drugs, the influence of hydrate and solvate formation on rates of solution and, Takeru Higuchi, 61, 119
- Solution(s), rates of, and solubility of crystalline drugs, the influence of hydrate and solvate formation on, Takeru Higuchi, 61, 119
hydrogen bonded complexes in non-polar, influence of structure and solvent on formation tendency and stoichiometry, Takeru Higuchi, 61, 107
- Solvate formation, the influence of hydrate and, on rates of solution and solubility of crystalline drugs, Takeru Higuchi, 61, 119
- Solvent, influence of, and structure on formation tendency and stoichiometry, hydrogen bonded complexes in non-polar solutions—, Takeru Higuchi, 61, 107
- Specialization, in pharmaceutical education, L. F. Tice, 60, 427
- Stability, data, the use of, in predicting stability, James W. Conine, 61, 77
drug, general kinetics and, David E. Guttman, 61, 63
- Stoichiometry, influence of structure and solvent on formation tendency and, hydrogen bonded complexes, in non-polar solutions—, Takeru Higuchi, 61, 107
- Structure, influence of, and solvent on formation tendency and stoichiometry, hydrogen bonded complexes in non-polar solutions—, Takeru Higuchi, 61, 107
- Student, undergraduate, the background of the, necessary to achieve depth in pharmacognosy, Lynn R. Brady, 60, 442
- Suggestions, the implementation of, Louis C. Zopf, 59, 1
- Summary, and evaluation, of the workshop in depth on the first course in pharmacy, Mitchell J. Stoklosa, 61, 181
seminar, 1960, pharmaceutical education, Charles W. Bliven, 60, 517
1961, pharmacy, Melvin W. Green, 61, 189
1962, pharmacy administration, Melvin W. Green, 62, 226
1963, pharmaceutical education, Joseph B. Sprowls, 63, 133
of the workshop on the fourth course in pharmacy, Glen J. Sperandio, 61, 187
on the second course in pharmacy, physical chemical principles in the pharmaceutical sciences, Edward G. Rippie, 61, 183
in the third course in pharmacy, A. P. Lemberger, 61, 185
- Support programs for undergraduate research, research electives, a suggested modification, H. B. Kostenbauder, 63, 105
- Suspensions, caking and sedimentation, E. N. Hiestand, 61, 125
- Sustained action medication, the principles governing the preparation of, Stuart Eriksen, 61, 157
- Syllabus(i), (for the first course in pharmacy), D. M. Skauen, 61, 18
(of pharmaceutical technology), Eugene L. Parrott, 61, 40
in (or for) pharmacy administration: accounting course, Robert A. Helser and Michael Musulin, 62, 32
drug marketing course, Max Polinsky, 62, 54

Cumulative Index, Teachers' Seminars, 1959-1963

- law course, R. W. Hammel, 62, 64
- management course, Richard J. Hampton, 62, 40
- marketing (courses), Robert E. Abrams, 62, 61

- Taxonomic system, essential topics, I. based on, an individual approach to, the presentation of the, Maynard W. Quimby, 59, 50
- Teacher(s), the background of the, necessary to achieve depth, Egil Ramstad, 60, 439
- seminars on undergraduate education, effects of the, Joseph B. Sprowls, 60, 509
- Teaching, in pharmacognosy, current observations on, Melvin W. Green, 59, 6
- in pharmacognosy, an educational psychologist looks at, N. L. Gage, 59, 170
- pharmacy administration courses, the utilization of laboratories in, Harry S. Swartz, Jr., 62, 83
- the psychology of, Robert B. Hughes, 63, 70
- Teaching methods, the application of, Robert B. Hughes, 63, 82
- in the pharmaceutical specialties, report of the workshops on, application of, Arthur E. Schwarting, 63, 115
- Technique(s), research, Richard J. Hampton, 62, 126
- Technology, fermentation, the application of, to pharmacognosy, D. Perlman, 59, 232
- pharmaceutical, Eugene L. Parrott 61, 38
- Tissue concentrations, biologic half-life and, Joseph V. Swintosky, 61, 140
- Trained personnel, *see* Personnel, trained

- Undergraduate, pharmacognosy, essential topics in, Edward P. Claus, 59, 38
- research, to improve motivation. Panel: electives, H. B. Kostenbauder, 63, 105
- pharmaceutical chemistry, J. C. Kellett, 63, 101
- pharmacognosy, Leo A. Schluchetti, 63, 108
- Undergraduate education, *see* Education, undergraduate
- Up to date, keep(ing), function of the library and librarian, Ralph E. Ellsworth, 60, 459
